

Step by Step Instructions

STEP 1 **PATCH & WRAP**

Always use disposal gloves to handle the patches.

Patch the SKIN SOFTENER over the heel/sole area.

Wrap in clingfilm & wait for 10-15 min. (20 mins. if callus is very thick). The Skin Softener softens the callus quickly.

STEP 2 PEEL

Peel off callus with the SCRAPER. A plastic tool to scrape callus designed with comfortable grip which makes the callus peel off easily.

STEP 3

FILE

Buff the skin with the FOOT FILE.

Step 4 MOISTURE

Use the MOISTURE CREAM for final touch.
