

# UK Callus Peel

## Contraindications

### **Diabetics:-**

Suitable for diabetics but please use with caution when buffing. If in any doubt, seek appropriate advice prior to treatment.

### **Pregnancy:-**

As the **Callus Remover** consists of over 99% natural ingredients, it is safe to use during pregnancy. The **Aftercare Cream** contains a small element of Essential Oils and medical opinion is that these should be avoided in the first trimester. If in any doubt, seek appropriate advice prior to treatment.
